Sponsorship Information

Support Wisconsin's official poverty fighting network and make Wisconsin a better place to live for everyone.

Why Support WISCAP?

With so many incredible charities and non-profits in our state, we know the choice of where to place your support is difficult. As you are deciding your 2024 sponsorships and donations, we ask you to keep WISCAP and our members in mind. Unlike many single issue organizations, WISCAP and our members reach the entire state and have a proven history of taking on the most complex community-based projects in our state. We thrive when solving our communities most challenging problems.

Supporting WISCAP and our members means you are making a real difference to improve many intersecting community problems, such as:

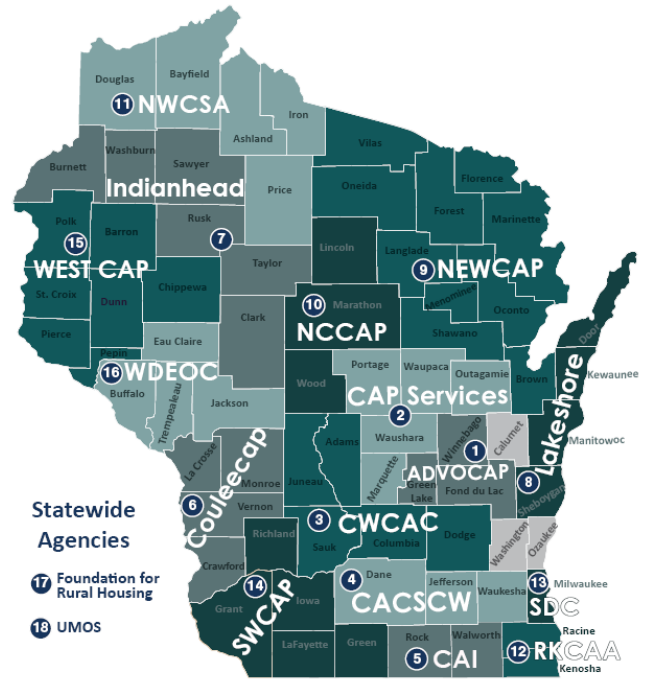

- Hunger Relief & Food Security
- Housing Stability
- Domestic Violence
- Youth Development & Education
- Homeless Shelters & Permanent Housing
- Workforce Development & Education
- Financial Literacy & Entrepreneurship
- Early Childhood Education & Childcare
- Mental Health and Disaster Response
- Health & Healthcare

WISCAP is Wisconsin's official, and only, statewide network of poverty fighting agencies. Alongside our members, our network is responsible for operating food banks and pantries, homeless and domestic violence shelters, Headstart and early childhood programs, and many, many more. With over six decades of documented impact, our members do it all to make Wisconsin a better place to live.

The Network

Our network stretches' across Wisconsin and reaches nearly every county across the United States. As part of a national movement, the community action network was founded in 1964 as part of Lyndon B. Johnson's War on poverty and from the advocacy of Dr. Martin Luther King, Jr. Today in Wisconsin, our network includes sixteen local community action agencies and two single purpose agencies.

Our goal is to spark economic opportunity and improve quality of life for everyone in Wisconsin. As a network, we are innovators and advocates who are committed to making a lasting difference in our community.

Our Impact

The Wisconsin Community Action Network has always believed we can achieve the impossible. For more than a half-century, we have dreamed big and pushed the boundaries to help everyone in Wisconsin thrive. We believe that focusing our energy on our most vulnerable, lowest-income neighbors creates lasting change for our whole community.

Given our unique history, the Wisconsin Community Action Network is often called on to help tackle statewide problems and emergencies. One of the ways our network stepped in was during the pandemic, WISCAP and our member agencies were responsible for distributing over \$725 million dollars in direct aid and pandemic relief. Across the nation, Wisconsin was one of the first states to successfully pilot large scale rental assistance programs to prevent mass evictions and keep Wisconsinites in their homes. We are proud of the strength and possibility of our poverty fighting network.
